

Table of Contents

ACRONYMS AND ABBREVIATIONS 5

INTRODUCTION..... 7

 History of Coal Generation 7

 The Current Market for Coal 8

 History of Coal Gasification 9

 Current Status of Coal Gasification 11

GASIFICATION TECHNOLOGY 13

 Gasification Processes 14

 Moving Bed 14

 Fluidized Bed 14

 Entrained Flow 15

 Gasification Systems 17

 Texaco Entrained Flow (Downflow) Gasifier 17

 E-Gas Entrained Flow (Upflow) Gasifier 18

 Shell Entrained Flow (Upflow) Gasifier 18

 KRW Fluidized-Bed Gasifier 19

 Kellogg Transport Reactor Gasifier 19

 British Gas/Lurgi Fixed-Bed Gasifier 19

 Lurgi Dry Ash Gasifier 20

 Underground Gasification 20

KEY BUSINESS DRIVERS..... 21

 Climate Change 21

 Environmental Regulation..... 22

 National Security..... 22

 Efficiency 24

 Comparative Price of Fossil Fuels 24

BARRIERS TO SUCCESS 27

 Coal’s Environmental Legacy 27

 Regulatory Uncertainty 27

 Capital Cost 28

 New Technology Risk 29

 Permitting/Siting..... 30

 Fragmented Industry Structure 31

COAL GASIFICATION FOR POWER GENERATION..... 32

 Integrated Gasification Combined Cycle 32

Carbon Sequestration.....	33
Polygeneration from Syngas.....	34
Comparison to Other Generation Technologies	35
IGCC Project Development Options	37
Refueling NGCC Plants	37
Repowering Pulverized Coal Plants	37
Greenfield Projects	38
GOVERNMENT EFFORTS TO PROMOTE COAL GASIFICATION	39
Clean Coal Power Initiative.....	39
FutureGen.....	40
Vision 21	41
H2-IGCC	42
EAGLE	43
MAJOR COAL IGCC PROJECTS UNDER DEVELOPMENT	45
GLOSSARY	51
ENDNOTES	55
